### **Next contract of ZRE Lublin in the Kozienice Power Station**

- **ZRE Lublin, dependent company of Energomontaż-Północ, has concluded an agreement for boiler repair in the Kozienice Power Station.**
- **The value of the signed contract amounts to PLN 5.3 million, while the value of the agreements with this customer during the last 12 months amounted to PL 16.1 million.**
- **At present, the orders portfolio of Energomontaż-Północ Group for execution this year is amounting to PLN 393 million.**

ZRE Lublin will execute repair of the AP-1650 boiler of the power unit No 9 in Kozienice's power station. "It is one of the biggest boilers working in Poland," says Marek Borowski, president of ZRE Lublin. The value of this order is amounting to nearly PLN 5.3 million. The works will start during the next few days, while their completion is scheduled at the middle of September of 2009.

Kozienice Power Station is a very important partner of Energomontaż-Północ. Since a few months the Company has been executing there the Flue Gas Desulphurization Plant in consortium with Hitachi. It is the biggest contract of Energomontaż-Północ in its history because for the stock company fall EUR 39 million (nearly PLN 130 million according to the exchange rate from the day of signature of the agreement).

Kozienice's power station is also a big purchaser for ZRE Lublin. "Only during the last 12 months we concluded with this customer the agreements having a total value of over PLN 16 million," president Borowski says. At present, the total orders portfolio of the Lublin's company for this year is amounting to PLN 44 million. In the first quarter of 2009 ZRE Lublin noticed PLN 12.1 million of the revenues from sale.

The agreement for boiler repair has increased the orders portfolio of the Group of Energomontaż-Północ for this year up to PLN 393 million.
